Summer Enrichment Program Overview

This engaging four-day (8 hour) program is designed for students exiting Kindergarten through 5th grade. It features a blend of hands-on learning, creative exploration, and cross-curricular interactive activities. Through immersive and meaningful experiences, students will develop confidence, enhance collaboration skills, and ignite their curiosity.

Possible Activities May Include:

Literacy Activities: Storytelling, reading challenges, and interactive word games

Math Exploration: Hands-on problem-solving, math puzzles, and engaging number games

Science: Engaging scientific explorations to develop inquiry and critical thinking skills

Social Studies/Citizenship: Community-building activities and interactive lessons

Creative Arts: Crafts, music, and movement activities

Collaboration & Play: Games and group projects that promote teamwork and communication

Program Details
