Middle & High School Parent Club Registration (Parent Instructions)

To sign your student up for a club, please visit - https://indianhill-oh.finalforms.com/

Please login as a **PARENT**. Upon logging into the site, you should be able to see your student(s) on your dashboard.

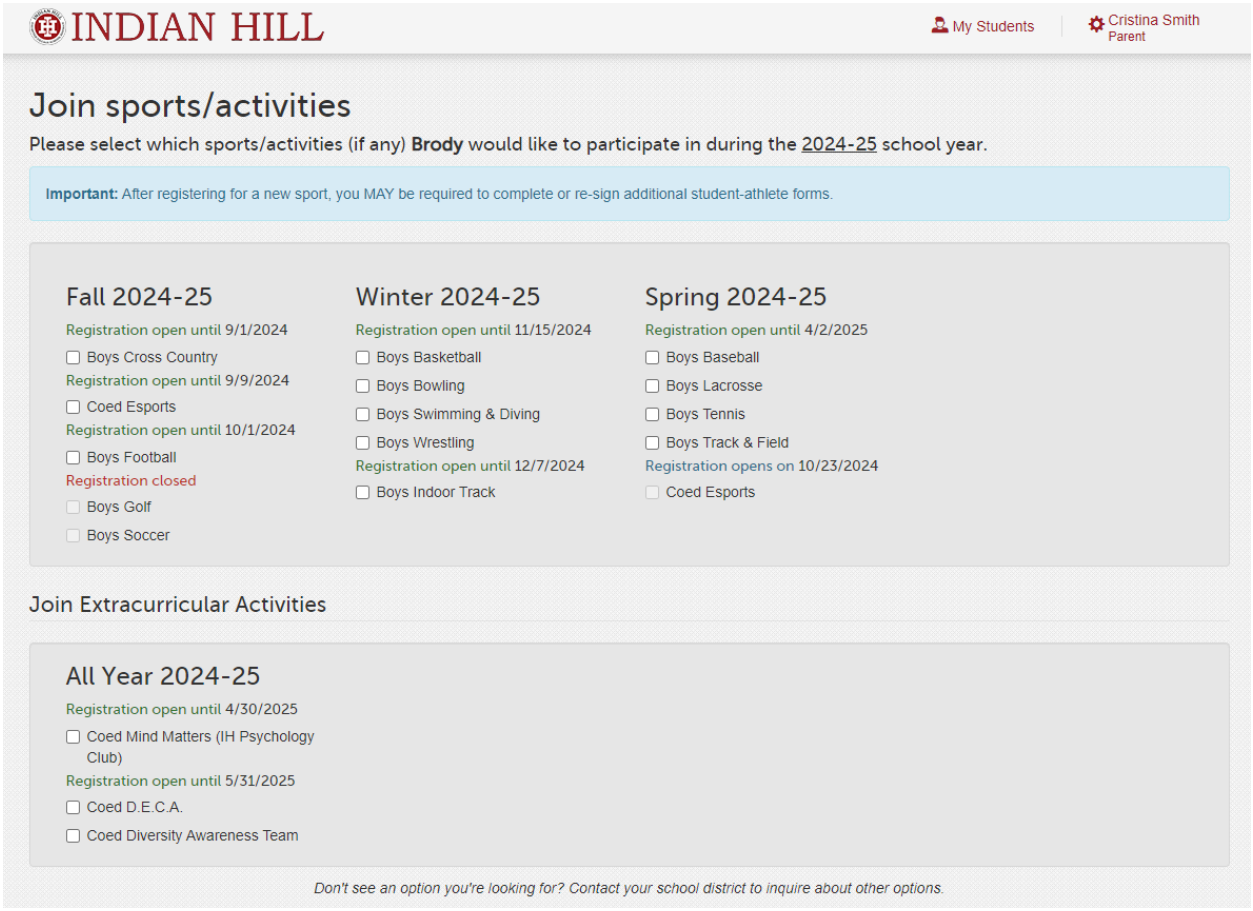

From the dashboard **immediately** click - ***Add Sports/Activities***, which is to the right of your student's name (please **do not** click your student's name).

Once you click ***Add Sports/Activities***, you will see a listing of clubs under "**Join Extracurricular Activities**".

Please make your student's selections by clicking each individual club.

To ensure a smooth process for club advisors, we kindly ask parents to **please check in with their student before registering them on Final Forms to confirm they're interested in participating.**

Signing up for a club on Final Forms does not replace the critical need for MS/HS students to stay informed. Students should continue to listen to or read daily announcements and check their Class of Page for club communications and more details regarding the clubs you have registered them for.

Please note - You must click the blue **Update Sports/Activities** button to finalize your selections!
