

# Kaylee Crayton

Hi! My name is Kaylee Crayton and I'm 22 years old. My passion is racing, building my cars and working on becoming a certified welder.

At the age of 17, I bought my first car and took it to the drag strip. After that, the building and customizing began and Nebula was created. Building my first car opened more doors than I ever expected. My first TV appearance was on All Girls Garage, and that inspired me to build my car for SEMA. At SEMA 2021 my building skills were award with a top 10 finish in the SEMA Young Guns division.

My goal is to become a dual sport driver. This encouraged me to attend racing schools and get my NHRA licenses. But I didn't want to stop there. My next step was to get a Miata and turn it into a drift/track car.

I have learned a lot in the last 4 years and I like to encourage others to find their passion in the automotive industry, just like I did.

Dream
