

Cooking for the Interfaith Shelter

A dinner needs to be prepared for 6-7 guests plus the 2 overnight chaperones. It should consist of a hot entree, a salad or vegetable side dish, bread, and dessert. If the entree includes meat (no pork), please set aside a portion of the entree without meat, or do not mix the ingredients together. For example, if making meatballs and spaghetti, have one dish with meatballs and another for the spaghetti. This way we are offering a vegetarian option without asking for a second entree.

The church kitchen will be available for cooking or heating up any food if that is convenient for you. Plates, utensils, napkins, and beverages are supplied by Grace Church.

Dinner is to be served at 7:30 pm, after the Guests arrive. Parishioners have already volunteered to be at the gym to greet and help the cooks put out the meal. An email reminder will be sent on the Saturday prior to the week for which the volunteer has signed up and will include the name and cell phone number of the person who will be there for that week.

Emily Horcher will be available to answer any questions, by text or phone call (516) 398-7865, by email at ejhorcher@gmail.com, or after the Sunday service. Jane Nelson will be coordinating the sign-ups on the chart in the Guild Hall and on SignUp Genius online.

This is such a good opportunity to be mindful of those in need and to actually be able to help them directly. Thank you for your help!
