

What's New at SobelCo

July is Disability Pride Month

We have the honor to highlight [The New Jersey Institute for Disabilities](#), a New Jersey nonprofit. NJID has been around since the late 1940's offering specialized facilities, programs and support for infants, children and adults with developmental and related disabilities. NJID was also our nonprofit donation recipient for our July bimonthly Executive Women's Leadership Breakfast.

July 26th was the 31st anniversary of the Americans with Disabilities Act (ADA). The ADA not only prohibits discrimination against Americans with disabilities, but the civil-rights act also increases access and opportunities in key areas such as transportation, employment, public accommodations, communications and services.

Happy Disability Pride Month! - Celebrating, accepting, and honoring each person's uniqueness

Office Fun

Beautiful summer Friday lunch on the patio
