

Commencement Graduate Flow

1. Students will walk in to the stadium in lines to take their seat. Once everyone is seated the program will begin.
2. After the speakers, students will be asked to stand one row at a time and progress to the line for a picture and then to the stage to receive their diploma holder.
3. After receiving the diploma holder and shaking hands with the college representative, graduates will come down the middle walkway and return to their original seat.
