

You may know how to  
*report* child abuse,  
but do you know  
**how to *prevent* it**  
in your community?

## Strengthening Families to Prevent Child Adversity: Strategies for Action

---

**Thursday, July 30 | 10:00—11:15am**

*Presented by Claire Louge, Executive Director, Prevent Child Abuse Arizona*

We shouldn't wait for harm to occur before we act to protect children. Child abuse is prevented when people like you act to strengthen families in their own communities.

This webinar will introduce you to the **Strengthening Families Protective Factors, a framework for building family strengths so that children are safe and nurtured.**
