Tuesday, July 10, 2018 at 10:00 AM

Elder Services of Cape Cod and the Islands, 68 Route 134; South Dennis, MA

Workshop will include a viewing of *Tick Days*, a film by Marnie Crawford Samuelson and Shane Hofeldt, addressing a growing and under-recognized health crisis on the Cape Cod. It's no longer just about Lyme Disease. Deer ticks carry other pathogens such as Powassan virus, and a new tick, called Lone Star, has now established itself on Cape Cod.

Following the film, Larry Dapsis, Barnstable County Entomologist will talk more about ticks on Cape Cod, staying safe while still enjoying the outdoors and answer your questions.

Seating is limited. To register call Stefanie Paventy at 508-968-5125.
