

COMPUTER ESSENTIALS

COURSE DESCRIPTION: This free 5-week course will cover the essentials of how to use the basic functions of a personal computer, how to safely navigate the internet, how to organize electronic files, how to send and receive email, and much more. By the end of the course, you'll have a foundation for using a computer and the internet to enrich your life!

PRE-REQUISITES: None. This course is designed for people who have never used a computer or have very little experience and want a solid introduction. Laptops provided for use in class and practice at home.
