PRAYER REQUESTS

- Please pray for wisdom and direction as the Luehms seek to discern how God would continue to use them to have an impact, in light of the recent changes in their work.
- Please pray for a way to expedite Jose's visa process, so that the Luehms can travel as a family to visit friends and family in the US. When they submitted the necessary documents, the wait time was 5 months, but it is now 49 months. Please also keep Jose's biological siblings and grandmother in prayer as they face a number of challenges.
- Continue to pray for the kids (Riley, Eliana, Jose, Rosa, Matias), that each would grow increasingly more into people of faith and love for Christ.
- Please pray for the many vulnerable children and families in Central America and around the world that have been impacted by the sudden withdrawal of USAID, that God would speak to the hearts of his Church, that we would stand in the gap to meet the needs of our most vulnerable sisters and brothers even when it requires courage and sacrifice.
