MECHANICSBURG, PA 17055

## PRAYER REQUESTS

- For wisdom, and the Holy Spirit's guidance as I continue mentoring and developing relationships with my student leaders
- That God will continue teaching my domestic students the joy and deep importance of reaching out to international students on campus
- For God to open up the hearts and minds of students who are still learning the value of intentionally pursuing a multiethnic faith community, and that students from all backgrounds will feel welcomed and valued in InterVarsity
- That God will meet my leaders in their busy schedules, and give them a renewed sense of excitement and commitment to the ministry we get to do
- For encouragement and confidence when I have to work closely with students who come from backgrounds that do not support women in ministry
- For my husband, Bryce, and me as we navigate the challenges of having very different jobs and work schedules (he's a nurse at Hershey Med)
