HARRISBURG, PA 17110

## PRAYER REQUESTS

- For ministry partnership. We need increased support in funding the ministry, prayer, regular volunteers to minister on campus, and landlords willing to house students. Every year it becomes more clear how this ministry only works when it is integrated into the community.
- For shaping a transient ministry. At HACC, turnover is high - so while traditional campus ministries may look like a growing tree....here it's more like a field of beans. Beans are great, but they don't stick around long! Pray for us to help students to form meaningful community in Christ and send them out well to their next adventures.
- Pray for local high school seniors - and high school workers at HBIC! Many students aren't sure what will come after, if college is the right option, or if it is even an option. We especially want to meet these new students on campus and give them a bigger picture of God at work in their lives. Pray for direction for them, and for how we can help to serve students in transition.
