

*Dear Friends,*

*On Sunday, November 10, 2019, Independent Monitoring for Quality, Chester County Department of Intellectual Disability and the Chester County Self Determination Action Team are hosting the 2019 Self Determination Luncheon. This year's luncheon will be held at the Coatesville Country Club. This highly anticipated event celebrates the accomplishments of individuals with intellectual disabilities and acknowledges them for exemplifying the principles of self determination in areas of self advocacy, community involvement, leadership, employment, responsibility, and community independence.*

*The luncheon is attended by over 300 nominees and their guests, as well as County Commissioners and County ID Administration. Attendees will enjoy a delicious lunch, followed by award presentations, raffle prizes, music and dancing. Do you know someone who excels at their job in the community, is a generous volunteer, or is a motivated self-advocate or leader? If so please click on the button [in the newsletter] to download a nomination form. I hope to see you at the luncheon.*

*Sincerely,*

*Laura Bedway, IMC Executive Director*
