

Let's Talk COATESVILLE

The Brandywine Health Foundation wants to hear your voice.

Why
Where
You Live
Matters

Where you live plays a powerful role in your health and how long you live. At our second "Let's Talk Coatesville" event we will focus on identifying and understanding the environmental factors that impact our community's health and wellbeing.

Discussion topics:

- The impact of neighborhood location
- Convenient access to nutritious food
- How housing, transportation, recreation facilities, parks and safety affect health

Wed., Dec. 12, 2018
