

**1 in 10 children experience sexual abuse before age 18. Over 90% of children know their abuser.
We can change that.**

Stewards of Children® is a prevention training that teaches adults how to prevent, recognize, and react responsibly to child sexual abuse. The program is designed for parents, mandated reporters, organizations that serve youth, and individuals concerned about the safety of children. **It is the only nationally distributed, evidence-informed program proven to increase knowledge, improve attitudes, and change child protective behaviors.**
