UnitedHealthcare Certification Opportunities

UnitedHealthcare will once again accept America's Health Insurance Plans' (AHIP) Medicare + Fraud, Waste and Abuse Training, which satisfies the requirement for the UnitedHealthcare Medicare Basics Assessment.

If you wish to receive the $50 discount on AHIP from UnitedHealthcare, beginning June 21, you must access our custom link by logging in through Jarvis to get to Learning Lab. Using that link allows you to purchase your training, complete the training, and transmit your results back to Learning Lab. The $50 discount will only be applied if you use our link.

Those who certify with AHIP will need to complete additional Base Level assessments (2024 Ethics & Compliance and 2024 AARP) to become certified to sell UnitedHealthcare Medicare Advantage (non-SNP), Prescription Drug and Medicare Supplement plans.

You will have 6 attempts to complete the AHIP certification with a passing score of 90% or higher (each purchase consists of 3 attempts).

NABIP

We are pleased to offer another third-party certification program as a way to earn credit for the UnitedHealthcare Medicare Basics Assessment with a passing score from the National Association of Benefits and Insurance Professionals (NABIP).

Agents choosing to pursue the NABIP path can access our custom link, beginning June 21, by logging in through Jarvis to get to Learning Lab. Using that link allows you to purchase your training, complete the training, and transmit your results back to Learning Lab.

Those who certify with NABIP will need to complete additional Base Level assessments (2024 Ethics & Compliance and 2024 AARP) to become certified to sell UnitedHealthcare Medicare Advantage (non-SNP), Prescription Drug and Medicare Supplement plans.

You will have 6 attempts to complete the NABIP certification with a passing score of 85% or higher.
