

## CHCANYS NYS-HCCN Virtual Workshop

# Enhancing the Patient Experience: Connecting Tools, Strategies, and Research for Equitable Care

June 8 & 9, 12:00–2:00 pm

Over two days, this workshop will explore how the patient experience and patient engagement is inextricably linked to health equity, through health literacy, human-centered design, and emerging data and technology that can promote public health and improve access to care. Our goal is to provide health centers with actionable tools to recognize cultural and linguistic barriers for patients and improve organizational health literacy, and to inspire continued leadership in empathetic, patient-centered care.
