Local Collaboration with Immigration Enforcement Agencies in New Mexico

Somos Un Pueblo Unido Preliminary Inspection of Public Records (IPRA) Review
Nov. 6, 2026

Background

Federal immigration enforcement is up exponentially across the country and New Mexico is no exception. In New Mexico the number of arrests by federal immigration enforcement officials jumped from 20 arrests in the month of July 2024 to 729 in July of 2026—a 3,545% increase of monthly arrests. *See* Table #1.

One pipeline for arrests is cooperation and communication between local law enforcement officials, local jails, and federal immigration authorities. Examples include a routine traffic stop that leads to an arrest by federal immigration authorities, a warrant for an unpaid traffic violation or a misdemeanor that turns into a transfer to a federal immigration detention facility. While New Mexico has a number of laws and policies limiting cooperation with federal immigration officials, the state still has one of the highest arrest rates in the country.[1] There is currently no statewide law prohibiting informal communication and collaboration between local jurisdictions and federal immigration officials to enforce civil immigration laws.

Nationally, close to 70.6 percent of immigrants who are being arrested by Immigration and Customs Enforcement (ICE) have no criminal record[2]; with the majority of those being arrested and detained by the U.S. Department of Homeland Security (DHS) for civil immigration violations such as overstaying a visa or entering without permission. While there are no precise figures on the criminal records of New Mexicans being arrested, community-based organizations and legal service providers have documented that the majority of those immigrants being detained and arrested do not have a criminal record.

History of New Mexico Legislation:

For over two decades, advocates and policy-makers have endeavored to untangle local law enforcement and jails from federal civil immigration enforcement at the municipal, county and state level. In 2005, both chambers of the N.M. Legislature approved S.B. 103, which prohibited local jurisdictions from using "state funds equipment, personnel or resources for the purpose of detecting or apprehending persons" whose only violation is a civil immigration offense.[3] The bill was vetoed by then-N.M. Governor Bill Richardson.

In 2019, S.B. 196, which had similar language to S.B. 103, was only heard in the Senate Public Affairs Committee (SPAC). In 2024, S.B. 250 received a "do pass" vote by the Senate Health &

Public Affairs Committee (SHPAC) and the Senate Judiciary Committee; however, the bill was never heard on the Senate Floor. [4]

Nevertheless, over two dozen local policies exist across New Mexico providing restrictions on using local personnel, property, funds, and records for federal civil immigration enforcement; nondiscrimination and limits on immigration-status inquiries; protection of sensitive information; limits on immigration detainers and administrative warrants; and workplace notification requirements. These policies vary significantly in scope and exceptions and some gaps still exist in several counties and cities.

While the New Mexico Non-disclosure of Personal, Sensitive Information Act (NMSA 1978 § 10-16I-1.), passed and signed in 2025, delineates the proper handling of New Mexican's personal information and limited sharing with outside agencies, this law currently only applies to state employees.

Likewise HB 9 or the Immigrant Safety Act passed during the 2026 legislative session, now codified at NMSA 1978, §§ 13-9-1 to 13-9-6 (2026), restricts the expansion of detention centers for federal immigration detainees and only regulates some formal agreements pursuant to certain federal statutes (8 U.S.C. Section 1357(g) or 8 C.F.R. Section 287.7) with federal agencies. The Act does not prohibit local jurisdictions from engaging in informal collaboration and communication with immigration enforcement agencies, nor does it ban the use of local public resources to aid them in the enforcement of civil immigration law. Also, some parts of the Immigrant Safety Act are not currently being enforced while litigation winds its way through the federal court system.

IPRAs to Counties and Cities

To understand more clearly what is happening in New Mexico, we sent the same IPRA to several jurisdictions. Initially, we focused on state agencies and county lock-ups but in the last year we have specifically asked all 33 counties in the state and 13 cities and towns to share all their communications with DHS and it sub-agencies which includes Immigration and Customs Enforcement (ICE), Customs & Border Protection (CBP) and Homeland Security Investigations (HSI). **Exhibit #1 (sample IPRA).**

Findings from the IPRA Responses:

Out of the forty-eight IPRA requests *Somos* made in September:

- Eight jurisdictions requested extensions and still have not produced documents.
- Sixteen did not respond, are not in compliance with IPRA, and will require further legal action.
- Twelve responded claiming no such documents exist.
- Thirteen produced responsive documents.

[4] N.M. Legislature website, https://www.nmlegis.gov/Legislation/Legislation?Chamber=S&LegType=B&LegNo=196&year=19, last accessed on Nov. 5, 2026.

- Ten showed some level of communication and/or collaboration with immigration enforcement agencies.

The results showed some jurisdictions asserting they have no communication with DHS and its sub-components to other jurisdictions having regular communications–in some cases nearly daily communications with ICE officials. We know this patchwork of formal and informal cooperation has significant public safety impacts, specifically on public health, education, and our state's workforce. In many cases the sharing of information and collaboration is being done by administrative employees making significant policy decisions for the jurisdictions without policymaking powers.

Below are specific examples of communications and collaboration between local and federal officials, thus corroborating what community members and immigration attorneys have been reporting to community-based organizations and legal service agencies for more than a year.

➢ **Sandoval County Sheriff's Office**

On May 22, 2026, Brando Chavez Martinez and two friends were traveling south on I-25 from Santa Fe to a family member's wedding in Rio Rancho. They were pulled over close to exit #248, near Algodones, by Sandoval County Sheriff's Deputy AJ Noriega. While Mr. Chavez Martinez was not driving the vehicle, his identification was requested by Deputy Noriega and when he provided a Mexican identification card, Deputy Noriega called immigration enforcement officers in Albuquerque to come to the traffic stop on I-25, who arrived shortly thereafter.

Subsequently both Messieurs Chavez Martinez and Zamora were arrested by the ICE officers for civil immigration violations and detained at Torrance County Detention Facility, operated by CoreCivic. Chavez Martinez has no criminal history. The details of Chavez Martinez's arrest by federal officers– facilitated by Sandoval County Sheriff's Office– were outlined in the immigration document I-213, or a narrative form included within Mr. Chavez Martinez's file with the federal agency. **Exhibit #2 (I-213).**

An IPRA to Sandoval County in June netted no responsive documents because the request was sent with the incorrect date of the traffic stop. Upon obtaining the I-213 and reading the details of the arrest, another more detailed IPRA was sent to Sandoval County this September; the County denied our request citing exceptions that do not apply. We recently sent a request for the county to reconsider the exceptions cited and produced the responsive documents, as required by the IPRA statutes; to date there has been no response from the county.

➢ **Lea County**

On Nov. 4, 2025, an IPRA request was sent to Lea County records custodian requesting all communications with federal immigration officials for a year's time. There was no initial response to the IPRA, and while there was an email response following additional

correspondence, the County produced no responsive documents. A complaint for non-compliance with IPRA statutes was filed on June 2, 2026, with the New Mexico Department of Justice. Responsive documents were only produced following the filing of a Writ of Mandamus in June in the 5th Judicial District..

While communications only November 2024 were produced, those emails show nearly daily communications between Lea County employees and ICE officials. ICE officials receive a nearly daily list from Lea County officials of foreign-born individuals who are brought to the Lea County Detention Center, regardless of reason for their arrest. Likewise, if no foreign-born New Mexicans are taken to the detention center, Lea County notifies ICE officials of the same. Lea County sends the names, birthdays and photos of all foreign-born individuals in the detention center. **Exhibit #3 (emails).**

- **San Juan County Detention Center**

  Following a 2014 federal lawsuit by Somos Un Pueblo Unido, San Juan County Commission was required in 2017 to pass a resolution prohibiting certain practices, such as "prohibiting the detention of individuals solely on the basis of the I-247 Immigration Detainer." At the San Juan Detention Center, an immigration detainer must be accompanied by a warrant of arrest or an order of deportation or removal and either of those documents must be signed by a U.S. District Court Judge or a U.S. Magistrate Judge. Emails between San Juan Detention Center and ICE officials show federal officials obtaining the required signatures from federal judges. **Exhibit #4 (emails).**

- **San Miguel County Detention Center**

  Resolution 07-11-2017-CM, approved by the county commission, prohibits county employees from asking about immigration status except as required for specified employment or benefit determinations. The resolution also restricts disclosure of sensitive personal information, subject to legal exceptions, and voluntary entry by immigration agents into nonpublic county spaces without judicial authorization.

  Even with this resolution, San Miguel officials will provide sensitive information, such as release times to ICE officials. Likewise, while the County's written policy is to not honor ICE detainers, there are cases where they will. **Exhibit #5 (emails).**

- **Eddy County Detention Center**

  Similar to Lea County, Eddy County Detention Center engages in nearly daily communication with ICE officials and shares New Mexicans' personal information, including birth dates and countries of birth.

  Also, based on an individual's place of birth, detention center staff notifies ICE officials to check with their databases whether he or she has legal status. Oftentimes, ICE officials will inform detention center staff that the individual is a naturalized U.S. citizen or has another form of lawful immigration status. This information sharing occurs soon after the

individual arrives at the detention center and usually before he or she goes before a local judge and well before their case can be adjudicated–thus short circuiting the state's criminal justice system. The responsive documents also show individuals in the county detention center for misdemeanors or warrants for failure to pay (FTP) a traffic ticket will have contact with ICE and most likely end up in ICE detention. **Exhibit #6 (emails).**

Formal agreements not previously known:

- **Chaves County: customs officer agreement**
  On April 7, 2026, the Chaves County Sheriff signed a Memorandum of Understanding (MOU) with a U.S. Immigration and Customs Enforcement official. The MOU states certain employees from the Chaves County Sheriff's Office will be designated as customs officers "without additional compensation" to perform those duties. The MOU requires deputies within the Chaves County Sheriff's Office to complete training and other obligations. While the agreement allows for a Chaves County Sheriff's deputy to function as a customs officer, the MOU does not "convey the authority to enforce administrative violations of immigration law." **Exhibit #7 (MOU).**

- **Sierra, Socorro and Catron counties**
  Sierra County is a recipient of a federal Operation Stonegarden grant administered by the Federal Emergency Management Agency (FEMA) under DHS's state homeland security grant program. This program is primarily designed to support law enforcement activities in border counties.

  The federal grant extends federal funding for the purchase of equipment for law enforcement officials, mileage and overtime wages costs. Sierra County is the primary grant recipient and acts as a fiscal agent to neighboring jurisdictions that are not border counties, including Socorro and Catron counties through Memorandums of Understanding (MOU's).

  As part of the grant cycle, U.S. Border Patrol officials encouraged the purchase of dual feed License Plate Readers (LPRs) by local law enforcement officials. However, the passage of S.B. 40, or the Driver Privacy & Safety Act[5], earlier this year, made the usage of license plate readers for immigration enforcement illegal as of July 1, 2026. **Exhibit #8 (documents & emails).**

While it is unclear what is required of law enforcement under the Operation Stonegarden grant, the state's newly codified Immigrant Safety Act prohibits agreements between local jurisdictions and DHS "that deputizes officers, employees or agents of the public body to perform a function of an immigration officer in relation to the investigation, apprehension, detention or transportation of noncitizens in the United States or the removal of noncitizens from the United States."

[5] NMSA 1978, § 29-22-1.

Additionally, when Sierra County responded to our IPRA, the records custodian stated all responsive documents would be reviewed by a lawyer at U.S. Customs & Border Patrol before being produced.

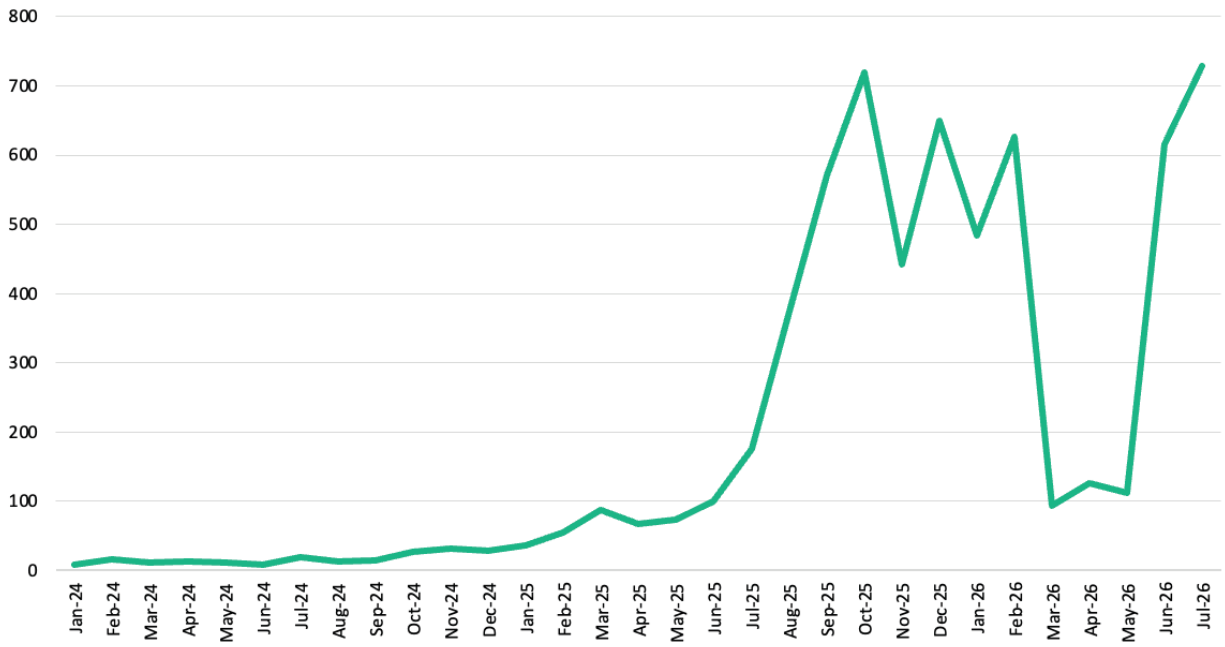

Conclusion & Recommendations

A uniform policy across the state is needed laying out clear rules for working with federal immigration officials to ensure the civil rights of immigrant New Mexicans are not violated. Local and law enforcement officials collaborating in federal immigration enforcement could face liability under both the U.S. Constitution and the New Mexico constitution, along with our state laws. One state law is the New Mexico Civil Rights Act, NMSA § 41-4A-1, and the types of claims that frequently arise from local cooperation on federal immigration enforcement include: racial profiling, wrongful arrest, wrongful detention, and arbitrary or excessive use of force. Likewise, clear rules will also improve transparency with local jurisdictions.

The lack of consistent policies across jurisdictions is putting public health at risk, creates confusion for New Mexico residents, undermines accountability, and threatens public safety. If immigrant New Mexicans suspect police or sheriff deputies are collaborating with immigration officials, they will opt not to contact them rather than run the risk that contact with law enforcement will turn into a deportation. Research shows when local police are not viewed as extensions of ICE, neighborhoods are safer. Residents are more likely to report crimes, cooperate with investigations and come forward as witnesses if they know their local police are not an arm of ICE. New Mexico residents should also not be afraid to travel to other cities and counties for medical appointments, to work, to shop, or to visit family members because those jurisdictions collaborate with DHS.

One potential model is the statewide adoption of similar requirements for ICE officials at the San Juan County Detention Center or requiring a warrant signed by a judge. A uniform statewide law, building on policies and ordinances already adopted by more than a dozen New Mexico local governments, would establish consistent standards prohibiting state and local government resources from being used to assist federal agencies in enforcing civil immigration law.

V.

[redacted]SANCHEZ ROBLES
(YOB: 2002)

AFFIDAVIT IN SUPPORT OF PROBABLE CAUSE ARREST

I, Adriana Torres, duly sworn, hereby depose and state the following:

INTRODUCTION AND AGENT BACKGROUND

Your affiant is a Deportation Officer (DO) with the Department of Homeland Security, U.S. Immigration and Customs Enforcement (ICE), Enforcement and Removal Operations (ERO), and has been employed by ICE as such since January 2021. Your affiant is currently assigned to the Assistant Field Operations Director in Charge, Albuquerque, New Mexico where it is your affiant's duties to investigate violations of Immigration law.

The information contained in this affidavit is not an exhaustive account of everything your affiant knows about this case. Rather, it contains only the facts that your affiant believes are necessary to establish probable cause in support of a criminal complaint against Luis SANCHEZ ROBLES for violation of Title 8, United States Code, §§ 1326(a) and (b).

DETAILS OF INVESTIGATION

On November 14th, 2025, U.S. Immigration and Customs Enforcement (ICE) Albuquerque sub-office encountered SANCHEZ ROBLES at the San Juan County Detention Center while conducting jail roster checks. SANCHEZ ROBLES was arrested by San Juan County Sheriff's Office and charged with Resisting, Evading or Obstructing an Officer (Service of Process) and Concealing Identity.

DO Torres conducted pertinent database queries with provided biographical information for SANCHEZ ROBLES and learned he was in fact previously removed and currently illegally present in the United States. DO Torres found that SANCHEZ ROBLES issued alien numbers ending in 126 and FBI number ending in 5KX.

DO Torres further found that records archived by DHS contained booking photographs of SANCHEZ ROBLES. DO Torres compared DHS archived booking photographs with a photograph contained within booking documents and online open-source databases and found the individual arrested for Resisting, Evading or Obstructing an Officer (Service of Process) and Concealing Identity on November 14th, 2025, matched the archived DHS photographs of SANCHEZ ROBLES.

DO Torres conducted an exhaustive review of all pertinent indices and found that SANCHEZ ROBLES had not applied for nor received permission from the Secretary of Homeland Security, or a designee, to reenter the United States after having been removed. During this review, DO Torres also found the following information:

- On September 1, 2024, SANCHEZ ROBLES was ordered removed from the United States to Mexico and physically removed.
- On November 14th, 2025, SANCHEZ ROBLES was arrested for Resisting, Evading or Obstructing an Officer (Service of Process) and Concealing Identity.

Records checks and review of SANCHEZ ROBLES 's booking sheets and previous criminal complaints reveal that SANCHEZ ROBLES was residing at 13 Road 4461 Blanco, NM 87412.

Based on the foregoing, your affiant believes that there is probable cause that, in the State and District of New Mexico, Luis SANCHEZ ROBLES is in violation of Title 8, United States Code, §§ 1326 (a) and (b), Reentry of a Removed Alien.

1. DHS HAS DETERMINED THAT PROBABLE CAUSE EXISTS THAT THE SUBJECT IS A REMOVABLE INDIVIDUAL. THIS DETERMINATION IS BASED ON *(complete box 1 or 2).*

- ☐ A final order of removal against the individual;
- ☐ The pendency of ongoing removal proceedings against the individual;
- ☒ Biometric confirmation of the individual's identity and a records check of federal databases that affirmatively indicate, by themselves or in addition to other reliable information, that the individual either lacks immigration status or notwithstanding such status is removable under U.S. immigration law; and/or
- ☐ Statements made by the individual to an immigration officer and/or other reliable evidence that affirmatively indicate the individual either lacks immigration status or notwithstanding such status is removable under U.S. immigration law.

2. DHS TRANSFERRED THE INDIVIDUAL TO YOUR CUSTODY FOR A PROCEEDING OR INVESTIGATION *(complete box 1 or 2).*

- ☐ Upon completion of the proceeding or investigation for which the individual was transferred to your custody, DHS intends to resume custody of the individual to complete processing and/or make an admissibility determination.

Consistent with "the policy of the United States to faithfully execute the immigration laws against all inadmissible and removable aliens, particularly those aliens who threaten the safety or security of the American people," set forth in Executive Order 14159, Protecting the American People Against Invasion, DHS requests cooperation regarding the subject who:

- ☒ illegally reentered the United States after a prior removal;

- ☐ is a member of a designated foreign terrorist organization; and/or
- ☐ otherwise poses a risk to national security, border security, or public safety.

IT IS THEREFORE REQUESTED THAT YOU:

- **Notify DHS** as early as practicable (at least 48 hours, if possible) before the individual is released from your custody. Please notify DHS by calling ☒ U.S. Immigration and Customs Enforcement (ICE) or ☐ U.S. Customs and Border Protection (CBP) at 505-357-4862.
- If you cannot reach an official at the number(s) provided, please contact the Law Enforcement Support Center at: (802) 872-6020. Pursuant to 8 U.S.C. § 1373(a), Federal, State, and local government entities and officials may not prohibit or in any way restrict the sending to, or receiving from, DHS information regarding the citizenship or immigration status, lawful or unlawful, of any individual.
- **Maintain custody** of the individual for a period **NOT TO EXCEED 48 HOURS** beyond the time when he/she would otherwise have been released from your custody to allow DHS to assume custody. This detainer arises from DHS authorities and should not impact decisions about the individual's bail, rehabilitation, parole, release, diversion, custody classification, work, quarter assignments, or other matters.

IT IS THEREFORE REQUESTED THAT YOU: *(Continued)*

- Relay this detainer to any other law enforcement agency to which you transfer custody of the individual.
- Notify this office in the event of the individual's death, hospitalization or transfer to another institution.

Subject: ICE Detainers

Evening Sir,

My guys just left Roswell and are on their way to your facility. Eddy County is the only county in our area that will not hold on our ICE detainers. I was wondering if the Eddy County Officials have been provided the new verbiage on our detainers. Having our officers leave this late in the evening when they have been working all day is taxing on our manpower. A courtesy hold overnight would be beneficial, especially when the weather is the way it is today. I know it puts you in a bad spot, but Curry County went from not honoring our detainers to being the first county to sign up for our 287g program. I am just trying to prevent these late pickups from happening. If you can think of anything that we can work together on I am all ears. And would it be possible to advise of the releases via email, so all the officers get notified? DO Castillo is not always in the office and we do not want to miss anyone.

Have a good evening,

Exhibit #7

MEMORANDUM OF UNDERSTANDING

between

U.S. IMMIGRATION AND CUSTOMS ENFORCEMENT
HOMELAND SECURITY INVESTIGATIONS

and

Chaves County Sheriff's Office

regarding

THE DESIGNATION OF Chaves County Sheriff's Office **EMPLOYEES**

AS CUSTOMS OFFICERS (EXCEPTED)

1. **PARTIES.** The Parties to this Memorandum of Understanding (MOU) are U.S. Immigration and Customs Enforcement (ICE) Homeland Security Investigations (HSI) and Chaves County Sheriff's Office .

2. **AUTHORITY.** Title 19, United States Code (U.S.C.), Section 1401(i); 19 U.S.C. § 1589a. This MOU is also authorized under the provisions of NMSA 29-1-1 through 29-1-19 .

3. **PURPOSE.** The Parties agree that effective enforcement of the laws relating to HSI jurisdiction requires close cooperation and coordination between the two Parties. The Parties have therefore entered into this MOU to govern the use of HSI designations by certain employees of Chaves County Sheriff's Office .

   Pursuant to section 401(i), Tariff Act of 1930, as amended (19 U.S.C. § 1401(i)), the Secretary of Homeland Security is authorized to designate persons as Customs Officers (Excepted) to perform the duties of a Customs Officer. Within ICE, this authority has been delegated to the HSI Special Agents in Charge. Pursuant to 19 U.S.C. § 1589a, customs officers are authorized to enforce the full range of federal offenses. However, in designating Customs Officers (Excepted), *HSI is not conveying the authority to enforce administrative violations of immigration law.*

   There may be instances when HSI determines that it is desirable for certain sworn law enforcement employees of Chaves County Sheriff's Office to perform certain HSI duties. This MOU sets forth the agreement and relationship between the Parties with respect to this determination.

4. **RESPONSIBILITIES.**

   The Parties agree as follows:

   HSI agrees to:

   a. Designate certain employees of Chaves County Sheriff's Office as Customs Officers (Excepted), without additional compensation, to perform the duties as noted on the "Designation, Customs Officer (Excepted) – Title 19 Task Force Officer" (ICE Form 73-001). This form is attached and is hereby made part of this MOU;

   b. Issue a "Designation, Customs Officer (Excepted) – Title 19 Task Force Officer" (ICE Form 73-001) to each qualified and designated employee;

   c. Provide appropriate training in laws, policies, and procedures to each designated employee;

d. Advise the designated Customs Officers (Excepted) about court proceedings concerning seizures or arrests made by them in accordance with the authorities granted by HSI contemplated under this MOU; and

e. Process, under appropriate regulations, any injury claim submitted as a result of injuries occurring to the designated Customs Officers (Excepted) while such individuals are acting pursuant to this MOU, for compensation under the Federal Employee Workers Compensation Act (5 U.S.C. § 8101, *et seq.*).

Chaves County SO agrees:

a. That only sworn law enforcement officers of Chaves County Sheriff's Office who successfully complete the appropriate HSI Task Force Officer cross-designation Training Course and receive an approved "Designation, Customs Officer (Excepted) – Title 19 Task Force Officer" (ICE Form 73-001) will be designated as Customs Officers (Excepted);

b. That each law enforcement officer will be bound by the Authorities Granted and the Endorsements and Restrictions as noted on the "Designation, Customs Officer (Excepted) – Title 19 Task Force Officer" (ICE Form 73-001);

c. To advise HSI of each court proceeding in which the validity of a Customs Officer (Excepted)'s enforcement authority becomes an issue, and allow HSI to provide legal memoranda or other assistance as deemed necessary by HSI;

d. That agency employees designated as Customs Officers (Excepted) will follow HSI directives and instructions when utilizing enforcement authority conveyed by HSI;

e. To provide to HSI, before designation of each officer and on an ongoing basis, any derogatory information, or information that may call into question the officer's truthfulness or ability to testify in court; and

Re: Records Request and Disclosure from Gabriela Ibañez Guzmán
Somos Un Pueblo Unido

Dear Mr. Spencer,

Sierra County Sherriff's Office (SCSO) received a request pertaining to U.S. Customs and Border Protection (CBP or Agency) from Gabriela Ibañez Guzmán on behalf of Somos Un Pueblo Unido. Ms. Guzmán (Requestor) seeks records from September 1, 2025 to September 1, 2026, citing the Inspection of Public Records Act (IPRA), NMSA 1978 § 14-2-1, *et seq.*, requesting the following:

> *1.) All communications* between the U.S. Department of Homeland Security, including Immigration and Customs Enforcement (ICE), Customs & Border Protection (CBP) and Homeland Security Investigations (HSI) (or any agency, division or component thereof), and the* ***Sierra County Sheriff's Department*** *from the period of Sept. 1, 2025, to Sept. 1, 2026.*
> ****Communications include, but is not limited to, emails, letters, text messages, internal guidance, memoranda, notes, meeting minutes, agendas, calendars, and training materials.***

Our Agency's position is that any document CBP and its subcomponent, U.S. Border Patrol (USBP), generates may be exempt from disclosure under the Freedom of Information Act (FOIA), 5 U.S.C. § 552 and IPRA §§ 14-2-1(A)(4) and (7), as law enforcement records and tactical response plans or procedures. As such, these documents must be withheld until they are properly reviewed by CBP. Therefore, we urge your office to refrain from disclosing any record created by, and that belong to, CBP or USBP because no one at SCSO has been authorized or delegated the authority to release those documents. Moreover, CBP does not release its operational plans, resource allocations, concepts of operations or associated fragmentary orders, and has maintained this policy for years.

In our view, releasing sensitive information about the operations, plans, and organization of CBP units would reveal sensitive law enforcement strategies and tactics and permit individuals to circumvent our agency's law enforcement efforts. This information could allow traffickers, terrorists, and other criminals to identify vulnerabilities and to avoid detection. Considering the legal implications and concerns arising from this request, CBP objects to the release of its information and records.

CBP respectfully requests an opportunity to coordinate with the Operation Stonegarden (OPSG) recipient—SCSO—to determine which records are potentially responsive to this request, to object to the release of specific information and documentation, and to further make factual and legal arguments for the withholding of potentially responsive records and information. We request that SCSO gather any documents within its care, custody, and possession which it believes are responsive to the request and forward them to our office for review. The Office of Chief Counsel will then identify the documents that contain law enforcement sensitive information, personally identifiable information, and other objectionable information. We will then assist you in responding to the public information request and provide redactions, if necessary.

In the alternative, once SCSO identifies the responsive records CBP owns and shared with SCSO pursuant to OPSG or other relevant enforcement activities, the Requestor should be directed to submit a Freedom of Information Act request to the Agency in accordance with the CBP public website at cbp.gov.

Please direct any future correspondence on this matter directly to Senior Attorney Sadie Herbert, with our office, at (915) 599-0800 or sadie.a.herbert@cbp.dhs.gov.

Good afternoon Ms. Vega,

I wanted to share with you the FY25 Preparedness Grants Manual and the Notice of funding (NOFO) for Operation Stonegarden. The Preparendess Grants Manual is essentially the rulebook for Operation Stonegarden and the NOFO explains what is funded for this funding year and other grant guidelines. Feel free to let me know if you have any questions.

Tip: It helps if you search the documents using "OPSG".

Good afternoon,

I hope this message finds you well. I am writing to share an important update regarding Operation Stonegarden (OPSG) FY25.

Please note, as directed by FEMA, OPSG FY25 will now have a shortened period of performance, transitioning from the previous three-year timeframe to a one-year period of performance ending in August 2026 (complete grant closeout). This adjustment means agencies will have less time to utilize their allotted funds effectively. We anticipate FY26 will start sooner to avoid a lapse in coverage. This change does not affect FY24.

If you anticipate challenges in fully depleting your allocated overtime funding within this timeframe, we can explore adjustments to reallocate funds for equipment purchases, mileage, fuel, etc. As a reminder, equipment priorities remain focused on dual feed License Plate Readers (LPRs). However, if there are other equipment needs that would benefit your agency and align with the grant's objectives, please feel free to advise us so we can assess and prioritize accordingly.

Thank you for your continued dedication and partnership under Operation Stonegarden. Feel free to forward to anyone I may have missed.

If you have any questions or require further clarification, please don't hesitate to reach out.

It is scheduled to begin in January 2026; however, since nothing has been approved yet, a delay in the start date is likely. We will keep you posted.

Your agency will check in with the Las Cruces Border Patrol Station:
24/7 duty desk number: 575-528-6605

Be prepared for your deputies to provide basic information such as star number, shift start and end times, number of deputies, and the areas you will be patrolling (unless Border Patrol requests coverage in a specific area).

Laura,

Can you reach out to Undersheriff Vega and explain the administrative portion of the grant, specifically what needs to be completed prior to working operations? Thank you.

Subject: FY 23 OPSG Off Cycle Funding

Good morning OPSG Partners,

Following a comprehensive review of the 2023 OPSG funding and discussions with NM DHSEM (SAA), it was identified that de-obligated funds remained unutilized for the state of New Mexico. To prevent the loss of grant funding in future years, the El Paso Sector Border Patrol Chief has made it a priority to act swiftly and ensure that unspent funds are not forfeited to the Treasury Department or other sectors. My office is currently assessing each agency to determine equipment needs for friendly forces in New Mexico. Working closely with Station Patrol Agents in Charge, the Chief will prioritize the requirements of New Mexico subrecipients and their friendly forces, enabling the purchase of equipment necessary to support the border security mission and promote safe communities.

We request that each agency provide an email response listing at least three equipment items, including the price for each item. You may include any equipment that your agency believes would support the OPSG mission. As there will be a limited timeframe to complete these purchases, please keep in mind the following considerations during the FRAGO approval process to avoid delays. The SAA will still require three quotes for each equipment item, with a focus on immediate availability. The purchasing window will close in August 2026, with no exceptions. Please ensure your agency is fully committed to this process.

Remember, de-obligated funding means you did not spend the full amount awarded to you during this grant cycle.

Soon, all subrecipients will be required to submit a letter on official county letterhead authorizing the release of de-obligated funds for use by other New Mexico subrecipients, which may include your county. **If any county does not release its de-obligated funds, those funds will be returned to FEMA, significantly impacting the overall OPSG award for the El Paso Sector.**

Please standby on creating the letters until told to do so.

Deadline for response to this email will be Wednesday February 25, 2026, at the end of business. A response is required whether you choose to be considered for equipment or not.

Should you have any questions concerning equipment or other topics, please feel free to reach out at your convenience.

Priority: High

Good afternoon,

I hope this message finds you well. I am writing to share an important update regarding Operation Stonegarden (OPSG) FY25.

Please note, as directed by FEMA, OPSG FY25 will now have a shortened period of performance, transitioning from the previous three-year timeframe to a one-year period of performance ending in August 2026 (complete grant closeout). This adjustment means agencies will have less time to utilize their allotted funds effectively. We anticipate FY26 will start sooner to avoid a lapse in coverage. This change does not affect FY24.

If you anticipate challenges in fully depleting your allocated overtime funding within this timeframe, we can explore adjustments to reallocate funds for equipment purchases, mileage, fuel, etc. As a reminder, equipment priorities remain focused on dual feed License Plate Readers (LPRs). However, if there are other equipment needs that would benefit your agency and align with the grant's objectives, please feel free to advise us so we can assess and prioritize accordingly.

Thank you for your continued dedication and partnership under Operation Stonegarden. Feel free to forward to anyone I may have missed.

If you have any questions or require further clarification, please don't hesitate to reach out.
