

SHELTER FUNDAMENTALS WORKSHOP

We recently remembered the one-year anniversary of Hurricane Harvey. Countless numbers of families lost their homes. Where did they go? The majority ended up in shelters. Those shelters take volunteers to run them. Many Texas families now are without homes due to the recent floods and need to stay in shelters.

St. Francis is proud to partner with the Heart of Texas Red Cross Chapter to offer a workshop that will train us how to set up, run, and close a shelter in the event a disaster comes to our area. The goal is to create a pool of locally trained volunteers who can be called upon to help during times of crisis.

There is no charge for the workshop and it is open to all. You do not have to be a Red Cross Volunteer to participate.
