**GOING VIRTUAL**

**FAREWELL**

## 2020 BBB AWARD:

### WE DO MORE TOGETHER THAN INDIVIDUALLY

This month we shipped seven Containers of Hope to Angola, Kenya, Somalia, Tanzania and Togo. This is just one example of why Medical Bridges received the 2020 BBB Award for Excellence. Despite the adversities due to the COVID-19 pandemic, our commitment to our mission is stronger than ever.

Mother Teresa said "None of us, including me, ever do great things. But we can all do small things, with great love, and together we can do something wonderful." Here at Medical Bridges, we all have each other's back and together we are creating a bigger impact.

## GOING VIRTUAL: WE MISS YOU!

Medical Bridges is adapting to the new normal thus getting creative with events including our 19th Annual International One People, One World Gala. For the safety of Medical Bridges' employees and guests, we have postponed the gala to December 10th 2020. Invitees will have the option to attend virtually or in person. Regardless of how you decide to show up, we ensure you will have a great time.

Stay tuned on our social media platforms for upcoming virtual events such as a Global Health Run and more!

## FAREWELL: SEE YOU SOON SUMMER INTERNS

Caroline Kenny and Julia Shard decided to have a different kind of summer. Their summer would involve adventure, fun, and giving back. Julia and Caroline met at Notre Dame and bonded while studying for their chemical engineering degree. They came to Medical Bridges curious to learn how medical devices function and understand how engineers can make a positive impact in the world.

Julia and Caroline assisted our bio technician by helping fix donated medical equipment and ensuring all were fully functional before shipping abroad. What better way to thank them than by treating them with the best southern treat, Blue Bell Ice Cream. We are thrilled to see what is in store for these two bright women.
