IMPACT OF HEALTHCARE IN DJIBOUTI

Medical Bridges' Partnership with Helping Hand for Relief and Development is making a huge impact on healthcare in Djibouti. Medical facilities are severely limited, particularly in remote areas. Recently, a medical container was distributed to the Ministry of Health, benefiting over 48,976 individuals. Let's keep working together to ensure that everyone has access to quality healthcare, even in the most challenging circumstances.

"Medicine knows no boundaries; it bridges the gaps between nations, bringing hope and healing to those in need."
