LOVE Gnome—A Cheery Wall Hanging—
 LOVE Gnome is a fast and easy wall hanging that is easily finished in a day using fusible applique and a quick all-over quilting technique to hold everything in place. This is a great project for beginners and experienced quilters. The pattern calls for all pieces to be done in quilting fabrics, but it's easy to add a little sparkle, like the shop sample, by cutting some of the accent pieces from Kimberbell fusible applique glitter sheets available at JSS.

Good Morning Coffee Table Topper—If you have been curious about Edge-to-Edge quilting but don't make quilts....here is a new set of designs and a new idea for it's use – a table topper (finishes 18" round). Start with a whole cloth, stitch edge-to-edge quilting then stitch appliques. The edge is done using a folding method to make the gentle curves so bias binding is not required!

We will be using a design called Good Morning Coffee by Amelie Scott (**Purchase required at JSS**). **MUST pick this up before class so you can print instructions and templates.** Do you have a 240 x 150 metal hoop? This works well with the metal hoops!
