Dear Parents:

It is the commitment of the Little Rock School District to provide for the care, welfare, safety and security of all students. We take our obligation to protect student information seriously.

We are mandated by federal law, under the Family Educational Rights and Privacy Act (FERPA), to limit who has access to student records. Additionally, the Supreme Court case, *Plyler V. Doe*, establishes that a school district cannot deny any educational rights to any student, no matter his/her status. As a result, the District does not collect nor have any information about a student's immigration status.

We remain committed to serving all students and all families in the Little Rock District and look forward to a great school year. If you have any questions or concerns, please contact your child's principal.

Sincerely,
