A Garden in Every School Symposium

*Sowing Opportunity,
Harvesting Change*

APPROVED

By Loomis Union School District at 1:15 pm, Feb 05, 2020

We've planned an inspiring day for you! Network with like-minded teachers, parents, garden designers, community leaders, school garden coordinators, and others involved with helping kids make the connection between food,

health and the environment. Gardens offer beautiful, dynamic settings to integrate every discipline, including science, math, reading, art, environmental studies, nutrition and health. By encouraging and supporting a garden in every school, we create opportunities for our children to discover fresh food, to make healthier food choices and to become better nourished.

If you agree that school garden projects nurture community spirit, common purpose, and cultural appreciation by building bridges among students, school staff, families, local businesses and organizations; let's work together to create a garden in every school!*

Get Involved!

Collaborative partners, speakers or volunteers:
Shannon Hardwicke (shardwicke@soilborn.org)

Sponsor information, donations and media partners:
Janet Zeller (jzeller@soilborn.org)

General info and scholarships: Vanessa Forwood (vforwood@soilborn.org)

Early Bird Registration ends on February 28, 2020.

“If we want children to flourish, to become truly empowered, then let us allow them to love the earth before we ask them to save it. ~David Sobel
