Page 1: An initiative from the NC Coalition for Charter Schools and NCAPCS Action

Q1

What is your name?

Maurice (Mo) Green

Q2

What office are you seeking? Please include your district, if applicable.

North Carolina Superintendent of Public Instruction

Q3**Yes**

Do you view public charter schools as part of the public school family?

Q4**No**

Should public charter school students be treated the same as traditional public school students in terms of funding?

Q5**Multiple options**

In general, do you believe parents should be allowed to choose among multiple schooling options for their children- or just one option?

Q6**No**

Are North Carolina public charter schools currently held to satisfactory levels of financial and academic accountability?

Q7**No**

Should public charter schools receive the same level of local and state funding for their operations as traditional public schools?

Q8

Yes, public charter schools should receive separate facility funding, just like traditional public schools.

Unlike traditional public schools, public charter schools must pay for their facilities out of their school operating budget. Do you believe public charter schools should receive separate funding to pay for their facilities--the same way traditional public schools do--if the local government would like to assist the public charter school with facility funding?

Q9**Yes**

Should state lawmakers halt public charter school growth by reinstating a cap on the number of public charter schools allowed to open in North Carolina?

Q10**No**

Do you believe that public charter schools siphon funds from traditional public schools?

Q11

Please use this space (25-30 words) to expand upon any of your answers above.

I have attached a document separately with addendums for certain questions. I appreciate the review of that document in its entirety, as it helps to briefly explain my answers to certain questions.

Q12

Please tell us your overall view of public charter schools in North Carolina, in 50 words or less.

I believe that charter schools can provide opportunities for innovation. With that understanding, I am supportive of charter schools. Indeed, while Superintendent of Guilford County Schools, I considered the innovative practices in a system of charter schools (and a private school) when we created a middle school preparatory academy.
