

Great Schools NC

GREAT SCHOOLS NORTH CAROLINA

OUR IMPACT

Great schools begin with strong leaders.

GSNC invests in forward-thinking education leaders to help North Carolina's public charter schools grow, improve, and thrive—so that every family, regardless of location or background, can access a great public school for their child. GSNC supports the long-term success of new and existing public charter schools across the state through:

- Robust and flexible grant opportunities
- Knowledge and best practice sharing
- A strong, connected community of leaders

OUR GRANTS

School Quality Cohort

An 18-month award for leaders of existing charter schools looking to identify and implement specific levers of change to improve their school's outcomes.

Startup Grant

A two-year award for leaders with an approved application from the Charter School Review Board to provide start-up funding and guidance through school opening.

Founder's Fellowship

A multi-year award supporting leaders in the development and launch of new public charter schools that intend to serve students furthest from opportunity.

Great Schools NC

School Quality Cohort

Application Window
August 26th - September 9th

Direct Funding

\$150,000 grant with flexible use of funds to meet the school's most pressing needs.

Capacity-Building

Cohort-based and customized, targeted programming led by high-quality local and national partners.

Community of Practice

Regular connection, learning, and collaboration with peer charter school leaders across the state.

Applicants

Our School Quality Cohort is open to leaders of public charter school looking to improve student outcomes. Schools must have:

- 2+ years of available state testing data
- Received D or higher on most recent state report card
- Met or exceeded growth on most recent state report card

Areas of Support

This collaborative award provides a unique opportunity to strengthen your school leadership through four critical areas of support:

- Adaptive Leadership
- Academic Excellence
- Operational Efficiency
- Financial Sustainability
