

Jumpin' For Jack's Class News

May 11-15

From Ms. Jack

What a week and year it has been! Thank you all so much for showering me with gifts and words of appreciation this week for Teacher Appreciation week!

Our Learning This Week

Reading: We continued to follow alongside Greg and Maura-- their friendship as well as business opportunities, in *Lunch Money*.

Math: Students began to develop an understanding of the concept of 2D and 3D shapes- classifying them and describing shapes by their attributes!

Science: Students chose an animal lifecycle to research and write a report on.

Social Studies: We identified communities as rural, urban, or both.

End of Year

I am so excited finish the year strong next week, we have a lot of fun activities planned! If possible please have your kiddos bring in a large trash bag as we clean out desks.

Field Day

A little wet and chilly Field Day, everyone did great and made the best of it! Students did an excellent job showing team and school spirit! Everyone had a wonderful and safe day

Additional Information

If your student has a summer birthday and would like to bring in treats next week, please let me know!
