Look What We Learned

Math

We continued reviewing key concepts from throughout the year and wrapped up the week by completing our ILEARN math exam. Students did a fantastic job applying all they've learned.

Reading

We continued reading Hatchet, and students remain engaged and eager to see how Brian's journey unfolds.

ELA

We were introduced to Unit 7 vocabulary words and also completed our ILEARN ELA exams. Students worked hard to show their reading and writing skills.

Religion

We continued learning about the Paschal Candle and even created our own! This hands-on activity helped deepen our understanding of its meaning during the Easter season.

Science

We learned about Earth's systems, exploring how different parts of our planet—like land, water, and air—work together and interact.

Important Dates

- 4/20- ILEARN Testing
- 4/23- Field Trip (home lunch)
- 4/29- Walk-a-thon
