

May 15

Fourth Grade News

(Mrs. Kaminski and Miss Bridges)

DATES TO REMEMBER:

• Last day of school – **May 22**

WE ARE LEARNING:

RELIGION: This week in religion we continued to learn about Mary to honor her during the month of May. We also spent some time spreading love to the teachers in our building by making them thoughtful cards.

MATH: This week in math we completed some fun math activities including a math escape room, a math mystery activity, and some 100's chart riddles!

READING: Next week we will be finishing our novel (Number the Stars) and then we will be enjoying some other fun short stories. .

ELA: Next week the students will be working on the *Welcome to 4th Grade* brochure for next year's new students. :o)

SCIENCE: This week in science we wrapped up our endangered animal research projects. 4th grade worked so hard on their posters and we are so proud! Students will be bringing these home at the end of next week.

Contact us:

Mrs. Barbara Kaminski - bkaminski@saintmatt.org Miss Gabi Bridges - gbridges@saintmatt.org

THANK YOU!

Thank you all so much for the thoughtful gifts, treats, cards, and kind gestures this week. Barb and I are incredibly grateful for your generosity and for taking the time to think of us. Your kindness and support truly mean so much.

Most importantly, thank you for all of your support throughout the entire school year. It has been such a joy working with your children, and we are so appreciative of the partnership and encouragement from our families each day!
