Language Arts: This (short) week we read and completed activities around the St. Patrick's Day and March Madness themes. We also reviewed for ILEARN Checkpoint #3. We began more directed writing about "frogs" in preparation for the ILEARN.

Math: This week we took some time to review for ILEARN Checkpoint #3. On Tuesday (St. Patrick's day we combined our review with Lucky Charms! This was helpful (and fun) for graphing, fractions, multiplication, adding, and we even created our own word problems. ***Please put the multiplication and division flashcards to use!**

Social Studies: In Social Studies this week we discussed what it means to be a good citizen and how we can make a difference in our community. When we return from break we are going to look at geography. If you have any social studies questions, please email Ms. Jack at tjack@saintmatt.org.

Science: This week we had a partner/group STEM Challenge for our March Madness theme. Students had to create a working basketball net with materials supplied. The goal was to complete the task and be able to shoot and score twice in the mini basketball net. After break, we will continue interactive notes for Chapter#4-What can You Observe About Earth's Materials?

Religion: This week we focused on week #5 of Lent. We spent part of Thursday's class in Adoration (thank you to our St. Matthew parish community) after we took a trip through the church to look at the Stations of the Cross. Our Lent Journals are keeping us on track and checking our progress of the promises we made for Lent and will keep us focused as we continue over Spring Break. **The memorization of the Stations of the Cross will be our focus for March/April (Due: April 30th).** There are quite a few stations, so there is ample time for students to successfully memorize! If you have any further questions, please contact me. msheehan@saintmatt.org.
