

# The Sheehan Scoop

## Friday, May 15, 2026

**Language Arts:** We continued reading Lunch Money by Andrew Clements. The students continue to answer book questions in complete sentence format which are fourth grade expectations. Please encourage this with the homework, students are asked to redo questions if the answers are not complete. This book will take us to the end of the school year.

**Spelling is complete for the year!** 😊

**Math:** This week we completed Unit 13: Describe and Analyze 2D Shapes. This was a super short unit! Next week we will have a giant review of all the skills we have covered. **\*Please put the multiplication and division flashcards to use!**

**Social Studies:** As we wrap up Social Studies for the year, students will continue practicing important skills through small morning work assignments. If you have any social studies questions, please email Ms. Jack at [tjack@saintmatt.org](mailto:tjack@saintmatt.org).

**Science:** Students are finishing Rocks and Mineral studies through a "Birthstone Brochure" project done during class. Our remaining time in science will be individual/ partner projects completed during class about natural disasters. Students will research and present their findings. We also started talking about how to be ready for bad weather.

**Religion:** We will finish up Religion for the year with morning work assignments in homeroom classes. We began talking about the Eucharist and Eucharistic miracles that have happened. I think the students were quite amazed at some of the miracles! Students will finish up activities about the Holy Spirit living within us. If you have any further questions, please contact me. [msheehan@saintmatt.org](mailto:msheehan@saintmatt.org).

**\*\*Our school family attends Mass most Wednesdays beginning at 8:30am! \*\***
