Look What We Learned

Math

We practiced multiplying mixed numbers and reviewed key geometry concepts, including area and perimeter. Students are strengthening both their fraction skills and their understanding of measurement.

Reading

We continued our novel study, diving deeper into how authors use imagery to help readers visualize and connect more deeply with the story.

ELA

Students drafted their three body paragraphs for their informative essays on sharks, focusing on clear organization and strong supporting details. We also continued working with our Unit 6 vocabulary words to build academic language.

Religion

We began discussing how Jesus is fully God and fully human, reflecting on how He understands our experiences and walks with us in every part of our lives.

Social Studies

We continued practicing and reviewing states and capitals, building fluency and confidence in our geography skills.

Important Dates

- **3/6- End of Q3**
- **3/16- 1pm dismissal- Teacher Professional Day**
- **3/20-3/27- Spring Break**

Reminders

- **Cold Weather Reminder**

As temperatures continue to drop, please make sure students are coming to school with **coats** and warm layers. We go outside for recess whenever possible, and it's important that everyone is bundled up and comfortable while enjoying the fresh air.
