

# Jumpin' for Jack's Class News

May 4—8th

## From Ms. Jack

It has been another full and exciting week in third grade! I'm so proud of how hard the students have been working lately—they are really showing growth in both their learning and independence. As we move forward, we'll be reviewing important skills and continuing to build confidence across all subject areas. This is a great time of year to encourage your child to take their time, stay focused, and do their best work each day.

## Our Learning This Week

**Reading:** Students explored how Greg's business ideas continue to grow and the challenges he faces along the way. We discussed character motivations, problem-solving, and how competition can affect friendships and decisions. Students also practiced using text evidence to support their answers and strengthened their comprehension skills.

**Math:** We started unit 13 on geometry! Students will begin to identify and identify and classify different 2D shapes.

**Science:** Students did a wonderful job presenting their animal projects.

**Religion:** We will finish Religion with small morning work assignments in class. All students **SHOULD** have said their May prayer. If not, Monday will be the last day! If you have any further questions, please contact me, [mshoehan@saintmatt.org](mailto:mshoehan@saintmatt.org).

## Upcoming Events

**Friday 5/15: Field Day— 1:00pm Dismissal; NO extended care.**

## Important Reminders

This time of year, can feel busy and tiring for students. Extra rest, encouragement, and a consistent routine at home can make a big difference in helping them stay successful at school.

## Social Studies

Students have finished their state travel brochures and will finish the year with small morning work assignments in class.
