

## MARCH MONTHLY UPDATE

GREAT PLAINS LUTHERAN HIGH SCHOOL

### **Mission Advancement Thoughts**

Sometimes we overlook or do not realize some of the opportunities we have available to us. I recently found this to be true, when we were working with our alumni to get more of them involved in regular monthly support of Great Plains Lutheran by using automatic withdrawal. A number of them responded, "This is great; we just didn't realize we could do it." Or they said, "We had not thought about gifting to the ministry of GPL in this way."

This made me think: Is this the case for many of us? We presently have around 40 individuals who share their gifts with us automatically each month. This is a real blessing because it helps stabilize our income, especially in the slow months. Many of these gifts are not a huge monthly amount, but they add up quickly and truly help.

Giving in this way is easy to set up. You simply go to the SUPPORT tab on the GPLHS website, click on GIVE NOW, and follow the directions listed there. Please feel free to contact Angie in the school office; she would love to walk you through the process. Please, I know this is not for everyone, but if it is a method you want to take advantage of to support this wonderful ministry, we are here to help.

PS Some employers will allow you to do this directly from your paycheck, and some employers might even match your gift.
