

WEEKLY UPDATE

GREAT PLAINS LUTHERAN HIGH SCHOOL

College Visits

Parents of Juniors and Seniors, these two school years are the prime time to explore the possibilities of post high school education with your child(ren). These visits are a [very important part](#) of looking forward to college. If a school visit is planned, I encourage two things: 1) Go with your child(ren). It is an excellent way to know first hand what your child(ren) get to see and where they might spend their college years. It is great to be a part of the day and have a chance to visit the school. 2) Please inform GPL (Office and the Campus Pastor) ASAP about the visit so your child(ren) can be credited with an activity absence. Students are granted three activity absences for school visits. Schools normally ask that you schedule a visit at least one week in advance. If you have any questions, contact Pastor Schauland (kschauland@gplhs.org).
