

MAY MONTHLY UPDATE

GREAT PLAINS LUTHERAN HIGH SCHOOL

MISSION ADVANCEMENT THOUGHTS

*What a change COVID-19 has made. Social distancing and distance learning are terms and life concepts that nearly everyone is familiar with these days. Many community businesses have shut down. Flourishing restaurants now exclusively serve their food via drive-throughs, pick-ups or deliveries. Even churches, major social hubs of our community, are relative ghost towns. Our lives have **changed**, haven't they. When and how these changes will end, there's only One who actually knows.*

Yet, amidst all of these changes, one thing never changes. God's amazing love for all people is as real and present and consistent as ever. No matter what, God loves me because of the salvation earned and won for me by Jesus. This is the message we continue to proclaim to our students, even though the place of this Christ-centered education has changed. Jesus remains at the front and center of all we are doing at GPLHS and of all we are teaching our students.

Faith in Christ Jesus gives us the certainty of God's eternal love for us as well. Through the life of faith we get to live, we seek to offer Jesus all that we are and have. May God cause us to stand firm amidst the sea of change around us so that we continue to support this ministry.

Look at the chart below. Consider how the Lord has blessed us this year and the need remaining to carry out the GPLHS ministry. – Rev. Paul Lindhorst
