

MARCH MONTHLY UPDATE

GREAT PLAINS LUTHERAN HIGH SCHOOL

MISSION ADVANCEMENT THOUGHTS

What would school be like if there were no teachers or staff? Some children might say, "That would be a lot of fun!" Yet, how blessed our children are to have the teachers and support staff who not only help them learn what they need academically, but also work with them to repent and turn to the Lord when actions are less than Christ-like. The faculty also takes serious time to work with students, parents and others when going through a challenge with a specific subject or two. I've experienced these actions first hand. What a blessing our children have.

Your gifts to the GPLHS Active Ministry Fund support the many faculty and staff who serve their Lord and our children. Through these workers, our children benefit greatly from the daily encouragement offered as they continue to be nurtured as lifelong disciples of Christ. – Rev. Paul Lindhorst
