

WEEKLY UPDATE

GREAT PLAINS LUTHERAN HIGH SCHOOL

GRADE CHECK

*This coming Tuesday will be the midterm of the first quarter. Each midterm and quarter the faculty does a grade check. This means that we will be looking at students' current grades and determining if they are eligible to participate in activities. To be eligible, you **need** a GPA of at least 2.0 and cannot be failing any classes. I'm telling you this now so that you can make sure you're on track for being eligible. More important than eligibility, this is an encouragement to be doing your best work to the glory of God.*

Approaching your school work with your best effort is one of many ways you can praise and thank God for the effort he put into you by paying for your sins and winning eternal life for you. One aspect of giving your best effort needs to be turning your school work in when it is due. The vast majority of you will not be in danger of being ineligible if you give your best effort every day. If you're struggling in any of your classes, please talk to your teacher and consider voluntarily coming to tenth hour to get extra support. **We are here for you.**
