

## MARCH MONTHLY UPDATE

GREAT PLAINS LUTHERAN HIGH SCHOOL

### **GPLYBL Coming this Spring**

In an effort to give young children a positive, developmentally-appropriate experience learning the game of basketball AND create community awareness and connection for Great Plains Lutheran High School, we are piloting GPL Youth Basketball League (GPLYBL) this spring. There are currently 45 children registered that will be divided into four girls teams and four boys teams. We will make use of our new south gym which has basketball goals that can be lowered down to eight feet. This will be a great opportunity for GPL players to assist in coaching and be a part of sharing GPL with our community. Currently there are players registered from nine area schools. We're looking forward to our first season of GPLYBL starting on March 11!
