

# NOVEMBER MONTHLY UPDATE

GREAT PLAINS LUTHERAN HIGH SCHOOL

## Mission Advancement Thoughts

We have much to rejoice in and much to be thankful for this fall season. We have 129 young people growing in their faith every day. We have young people using their talents through sports, music, academics, clubs and just day to day life. We have the chance to be thankful for the opportunities God has given us to help support the beautiful ministry of GPLHS.

We also are blessed to have some challenges. Presently we are about \$88,000 behind budgeted gifts. This might seem like a huge challenge to meet, but with many thankful hearts, we can do it! If we have just 600 people step forward with extra gifts averaging \$150/person, we will exceed the challenge before us. We are so blessed to have these opportunities to praise our Lord and show our gratitude. Please prayerfully consider helping us meet this challenge.

I am willing to help, by assisting you to share gifts effectively and efficiently. Please feel free to contact me if you have any questions about this opportunity, or if you would like to discuss different gifting options.
