

Speaker Series 2026

# THE PARKINSON'S DISEASE EPIDEMIC AND ADVOCATING FOR SOLUTIONS

## WITH DR. RAY DORSEY

Free and open to the public  
**Limited seating so register today!**

Co-hosted with the Parkinson Association of Northern California and the Michael J. Fox Foundation for Parkinson's Research

**FRIDAY, JANUARY 30 FROM 7:00 - 8:30 PM**

CORINTHIAN YACHT CLUB  
43 MAIN STREET, TIBURON, CA

Leading up to the Sailing4Parkinson's Regatta, we're honored to welcome international speaker Dr. Ray Dorsey, a leading neurologist, bestselling author, and Parkinson's researcher, who is transforming how the world understands this condition. Coming to Tiburon from Rochester University in New York, he will share the groundbreaking perspective that as the fastest growing neurological disease in the world, Parkinson's is largely "man-made," driven not by fate, but by environmental factors we can change. His message is both urgent and hopeful, reminding us that with awareness and action, Parkinson's is a disease we can prevent and do something about now!
