

# Discover Good-Paying Jobs in the Offshore Wind, Maritime, and Freight Logistics Industries

The **Offshore Wind and Maritime Career Awareness Fair** is your chance to **meet local industry leaders** and **discover exciting career opportunities** available to high school students.

Business owners and representatives from the transportation, energy, and logistics industries will be offering information about their companies, including the skills and training necessary for success, as well as **current internship and job openings**.

**NYC / EDC**

# Enjoy a morning of live demonstrations and booth exhibitions that immerse you in sectors full of opportunity and steering us toward a clean-energy future.
