

“Ways you Can Help”

Response and Recovery efforts after TORNADOES in upstate SC

Work Crews from the Seneca and Townville Churches continue to volunteer their time to assist in the cleanup and repair following the EF-3 tornado on April 13. Most of the work to date has been clearing downed trees and assessing damage. The damage to the area is wide and it will be a long term recovery process.

Part of this effort included a shipment for 36 Cleaning Buckets and 60 hygiene kits from Church World Service (CWS) which have been distributed to areas with the greatest need. The Initial Assistance Grant from PDA has been received and will be used to support efforts of relief. PDA is establishing a Long-Term Recovery Group for Oconee County. More news will be shared as this team develops.
