On Saturday, May 15, 2021, Foothills Presbytery held our 117<sup>th</sup> Stated Presbytery Meeting (virtually) with 100 Minister and Elder Commissioners, Honorably Retired Ministers, Commissioned Ruling Elders, and special guests. Our Presbytery Leader/Stated Clerk, Debbie Foster, highlighted the future church work that is underway with the Legacy Partnership Project and Faithful Innovation Learning Communities. The Legacy Partnership Project is a joint venture between Presbyterian Foundation, the Presbytery, and a congregation. This project is a time of discernment for the congregation to identify gifts, reflect on their impact to the community, and dream/plan for the future. Faithful Innovation helps congregations and leaders develop deeper connections with God, each other, and their neighbors. More information about these activities can be found in the [Report of the Presbytery Leader and Stated Clerk](#) beginning on page 7 of the Commissioner's Handbook.

We invited two guests to share information about their organizations. Rachel Crescibene, Advancement Officer for South Carolina, shared an update from [Thornwell](#). David Staniunas provided an introduction and update for the [Presbyterian Historical Society of Philadelphia](#).

We are grateful for the technology to gather our Minister and Elder Commissioners and other leaders of our Presbytery to worship together and conduct the business of the presbytery.
