

ONE MONTH FEE REDUCTION FOR ONLINE GIFTS

Presbyterians are giving generously to their congregations and favorite ministries, and we at the Presbyterian Foundation want to increase that impact. In this challenging time of pandemic, gifts to ministries through the Presbyterian Foundation have *increased* in the first quarter of this year as compared to last year.

In particular, online gifts given through our online giving accounts (or Ministry Partnership Funds) have doubled since this time last year. These are not gifts for the Foundation itself. These donations are for the congregations and ministries that we help donors support.

To maximize the value of these gifts, beginning April 13, the Presbyterian Foundation is cutting our fee in half from 2% to 1% for all online gifts for the next month. We intend to continue this lower fee structure for 30 days and will re-visit this relief measure then.

Although our standard fee was already well below the national average, we believe that extraordinary times call for extraordinary actions. Even as Presbyterians are giving generously, so, too, will we.

We are thrilled to join with tens of thousands of faithful donors in supporting our churches and Christian work. We are especially excited that so many churches are receiving more gifts than usual via online means, a practice that supports local ministries and eases congregations' administrative burdens.

If you have questions about your online giving account, feel free to be in touch with us at onlineservices@presbyterianfoundation.org.

Thank you for trusting the Presbyterian Foundation for your giving needs. We hope that during this Holy Week you are feeling the blessings of being part of the PC(USA) family. May God bless you and keep you safe and healthy.

Tom Taylor
