

Registration to CYBER.ORG

CYBER.org Registration Guide for CAP AEOs

Important Prerequisites before you begin:

- Only US K-12 Educators and CAP Senior Members can apply for access
- Students and cadets are NOT eligible and should not access the platform
- These materials can ONLY be used to educate or train K-12 students
- Use your official CAP email address for faster approval (alternative emails will require longer verification)

Step-by-Step Registration Process

Step 1: Navigate to Registration Page

Go to: <https://cyber.org/form/curricula-sign-up>

Step 2: Enter Basic Information

- **Name:** Enter your full name
- **Email:** Enter your official CAP email address (recommended for faster processing)
- **US Citizenship:** Select "Yes"

Step 3: Select Your Role

For the question "I am mainly interested in CYBER.ORG's curriculum because I am a(n) _____":

- **Select "volunteer"**

Step 4: Provide Career Field

For the question **What is/are your career field(s)?**

- **Select your choice of answer. You can add "aerospace" in the *other box**

Step 5: Provide Information on the Organization

- **Select "Informal Education Provider"**
- Select "Yes" for organization is a non-profit
- Name of Workplace: "Civil Air Patrol"
- For City/Town and Zip Code: Enter the location of your CAP unit

Step 6: Education Professional Specialization

- **For your role in education: Select "Other"** and add "Volunteer Educator" in the *other box
- **For are you a specialist: Select "no"**

Step 7: Curriculum Use

- Select **the answer that applies most to you** for: How many complete years of experience do you have teaching cybersecurity?

- Select **"YES"** for: The current academic year, do you plan to use CYBER.ORG content with K-12 students?
- Select **"YES"** for: Will you personally provide instruction to K-12 students using CYBER.ORG content?
- Select which answer most applies to you for: Consider a single academic year: on average, how many students in each of the following K-12 grade bands would you personally provide instruction to using CYBER.ORG content?

Step 8: Submit and Wait for Approval

- **With official CAP email:** Expect approval within one week
- **With alternative email:** Expect longer delays for membership verification

Step 9: Access Your Materials

If you have used an official CAP email address, you will receive an approval email within a week. If you did not, the delays might be a bit longer to allow them more time to verify that your CAP membership is active. Once you receive the confirmation email, you will gain access to their Canvas Instructure platform. This platform is a repository of where all their curricula are stored and ready to be downloaded and to use.

Important Compliance Requirements

CRITICAL: Per the 26 March 2021 Memorandum from Maj.Gen. Mark Smith:

⚠️ PROHIBITED ACTIVITIES:

- Education, training, and operations concerning **offensive tactics** are NOT permitted
- No CAP units may engage in offensive cyber activities
- Examples include (but not limited to):
 - Non-permissive access to networks/systems
 - Modification of networks/systems
 - Denial of service to networks/systems

AEO Responsibility: As a CAP senior member, you must screen all lessons and activities before presenting them to cadets to ensure compliance with the above memorandum.

Questions or Support
