

I'm partnering with Slice and Dice Board Game Pizzeria and sponsoring their "Pizza of the Month" promotion. Slice and Dice does this every month, collaborating with a local business and making a custom pizza, with proceeds going to a local non-profit. My pizza, which they custom designed for me, is the "CMYK" (named for the 4 process colors in printing) and my non-profit is The Family Advocacy Center for victims of domestic violence.

I hope you will take some time to check out Slice and Dice and try the CMYK pizza. I got a chance to sample it and it's great!

Have you tried the Pizza of the Month?
It's the CMYK pizza, featuring:

Capicola
Mozzarella balls
Yellow Banana Peppers
Kalamata Black Olives
