

Preparing our Students

Senior Interviews

The School District of New London hosted its 9th year of interviews for the senior class. 140 students from New London High School, the Next Generation Academy, and Catalyst Academy presented their portfolios to business and community members from New London and the Fox Cities. Students highlighted personal and career goals while learning from individuals with experience in a variety of career fields.

The School District of New London would like to thank the following individuals and businesses for assisting with the interview process this year:
