

### **Roman Gibbons, GIS and project manager**

Roman joins DEC with 18 years of experience in information technology. Originally from Trinidad, Roman writes that he loves anything to do with the outdoors and has an enthusiastic and fun-loving personality. He says that he is dedicated to serving the community and that working with DEC to assist the city's first responders is a perfect opportunity to realize his passion.

### **Patrick Trimble, technology coordinator**

Previously a technology coordinator with 15 years of service in the Richmond Police Department, Patrick will be the camera administrator for the city. He lives in a river community on the Rappahannock River in Tappahannock and enjoys all river/water activities.
