

Rogelio “Roger” Foderingham, help desk technician

Glad to be a part of the DEC team, Roger previously worked as a system engineer with the city of Suffolk. “I’m all about family and progression,” Roger writes. “I am a father of a couple Marines and Navy Officers still serving. Love to have fun tinkering around with new projects in my down time or riding my motorcycle when I can. I am a people person, so if you see me say hello. I don’t bite...lol.”

Alexandra “Alex” Jones, timekeeper/payroll specialist

Alex joins the DEC from the City of Richmond’s Department of Information Technology, where she was an administrative program support assistant. She has been working for the city for about five years and doing payroll for about three and a half years. She enjoys traveling and spending time with friends and family.

Felicia Walker, executive assistant I

Coming from a position as administrative assistant with Boar’s Head Provisions in Petersburg, Felicia enjoys writing and reading science fiction. She has a large family and a Chihuahua named Patty Mayonnaise. She really enjoys working as a team and is thrilled to be a part of the DEC family.
